

# BEAT FOE ON 50 MILE LINE

## HOUSE BACKS PLAN TO DRAFT 18 YEAR OLDS

### Democrats Hold Up Vote to Save U.S. Employees.

(By a Staff Correspondent.)  
Washington, D. C., Aug. 23.—[Special.]—Following its refusal to amend the 18 to 45 draft bill to put men under 20 in a "final call" class, the house adjourned suddenly tonight. Democratic leaders forced the adjournment to prevent action on an amendment by Representative Madden of Illinois, providing that no employees of the government should be exempted from the draft.

Final vote on the bill is expected in both the house and the senate tomorrow. The senate debated the bill all day but did not vote on any amendments.

By a rising vote of 167 to 120 the house beat the amendment of Representative McKelzie of Illinois to prevent the drafting of men under 20 years of age, until all men over that age in class 1 have been taken. The house was preparing to vote on the final passage of the bill when Representative Madden hurled his bomb. The amendment threw the house into an uproar.

### Fast Adoption by House.

Representative Dent of Alabama, in charge of the man power bill, declared to Madden amendment would "absolutely destroy the administrative departments of the government." Representative Sims of Tennessee called it "absurd, ridiculous, and destructive." Representative Madden vigorously defended it, declaring there was no reason why clerks in the employment of the executive departments should be granted exemption from military service simply because they were working for the government.

It seemed strongly probable that the house would adopt the amendment. To gain time, Representative Dent moved to adjourn. The motion was passed.

### Vote Down Weakening Amendments.

In rapid succession the house voted down amendments weakening the purpose of the bill, but roll calls on all important amendments probably will be demanded tomorrow.

Representative Blackman of Alabama proposed an amendment to make the minimum age limit 21 years. It was rejected, 194 to 42.

An amendment proposed by Representative Johnson of Washington to make the minimum age limit 19 years was voted down, 172 to 90. Another amendment by Representative Johnson making the maximum age limit 50 years was defeated, 168 to 118.

### To Conscript Congressmen.

The house even voted to conscript its own members. Representative Campbell of Texas offered an amendment providing that nothing in the bill should be construed as exempting officers of either the executive or legislative branches of the government.

"I don't think we have any right to exempt ourselves," said Representative Campbell. "Let's be men; let's be ready to take our place in the ranks." The amendment was adopted with such a roar of "Ayes" that a division vote was not demanded. If the senate agrees to it, 110 members of the house will be subject to the draft unless they can show reason for exemption on the grounds of dependency.

### Farmers Are Exempted.

Representative McCulloch of Ohio proposed an amendment denying exemption to any citizen or subject of any of the countries co-belligerent to the United States, unless their industry is in the service of the government. The amendment was adopted by a vote of 129 to 74.

An amendment proposed by Representative Campbell of Kansas specifically authorizing the exemption of men engaged in agriculture, was not considered.

## BANKER BALKS AT \$10,000 DOCTOR BILL; IS SUE

John J. Arnold, vice president of the First National bank of Chicago, was made the defendant yesterday in a suit said to be for \$15,000 surgeon's fees brought by Capt. William F. Scott, M. D., of Fort Sheridan. An original bill rendered was for \$10,000.

Capt. Scott, according to his attorney, O. L. Rankin, performed an amputation on Arnold's foot last fall when the latter was run over by a Chicago and Northwestern train near his home in River Forest.

"My client undoubtedly saved Mr. Arnold's life," said Mr. Rankin yesterday. "The patient completely recovered in seven weeks and Capt. Scott sent in a bill for \$10,000 for his services, which bill has not been paid to date. Mr. Arnold collected \$154,000 accident insurance as a result of the mishap." The defendant is said to be out of town on his vacation.

## PRUSSIANS SAY BAVARIANS FLED FROM LASSIGNY

WITH THE FRENCH ARMY, Aug. 23.—Several prisoners from a Prussian battalion declare that Bavarians fled during the fighting of Aug. 13 before Lassigny after having declared the evening before, in the presence of Bavarian officers, that they had become tired of getting themselves killed for others and would let the Prussians put themselves out of the difficulty as well as they could alone.

Recriminations between the Prussians and Bavarians have been followed by disputes between the different arms of the Teutonic allied service, the prisoners say, the infantry accusing the artillery of inefficiency.

Many prisoners assert their regiments suffered from the short fire of their own guns.

## 4,000 New York Traction Men Vote to Suspend Work

New York, Aug. 23.—[Special.]—At a meeting tonight representatives of the 4,000 conductors and motormen of the Third Avenue railroad system voted to "suspend work" until the company was willing to recognize their right to organize. The question of pay was not considered.

## Paris Paper Hints U. S. Also Has Supercannon

PARIS, Aug. 23.—In special type L'Heure prints prominently this English note:

"Will the echo to the great Bertha soon be heard? Will that echo have a Yankee accent?"

## GERMANS LIVE AMERICAN FRONT WITH 2 ATTACKS

BY EDWIN L. JAMES.  
(Copyright: 1918.)

WITH THE AMERICAN ARMY, Aug. 23.—[9 a. m.]—For the last twenty-four hours a series of violent local actions have taken place with the fighting started yesterday morning when a raiding party of Americans brought in fourteen German prisoners from a Hun position north of the river. Capt. Billy Harriman, son of the late actor, was the hero of this effort. Two hours later three battalions of Hun infantry attacked one of the American battalions west of Fiammes. After the Americans recovered from the first shock they held their own against superior numbers. An hour and a half after this attack started, and while it was continuing the Germans launched another attack against the Americans to the east. The fighting kept up all afternoon with the expenditure of a great deal of ammunition, but the Germans' attempt gained them nothing while. Fighting was renewed last night and continues today in the nature of local engagements.

American heavy artillery continues to rain shells on the German back areas, throwing high explosives on German lines of communication well behind the Aisne river.

A scouting party of Americans yesterday found a comrade infantryman lying in a shell hole shelter wounded. He said he had been there two days with bullet holes through both legs. He had lived by nibbling on his three days reserve rations. Taken to the hospital the doctors said he would probably recover in a short time.

## ARMY SERGEANT CONFESSES THEFT OF \$2,500 ORDERS

Sgt. Harry E. Hanson of the One Hundred and Sixty-first engineers confessed last night to having stolen \$2,500 worth of express money orders from the Y. M. C. A. canteen at Camp Grant on Aug. 16. He was arrested yesterday when he tried to cash an order at the Adams Express company at 817 South Wells street. Forty orders were found on him. Orders for \$25 to \$50 had been cashed at the La Salle, Grand Pacific, and Morrison hotels and Buck & Rayner's drug store.

Hanson has been in the army for seven years and has seen service in the Philippines, China, and on the border. He has been on a furlough recently. He said he got the orders by dropping a newspaper over them when he saw them on a table in the Y. M. C. A. rooms at Camp Grant.

## Wallops Burglar with Washboard in Bathroom

Jacob Seeborg hit a burglar over the head with a washboard last night in his bathroom at 11845 South Michigan avenue. Samuel Uhrick, the intruder, was taken to the Kensington police station. He lives at 12351 South State street and works in the mills. He had skeleton keys and 3 pocketbooks containing \$40 in his pockets, the police say.

## Cleveland Trolleys to Have Women Conductors

Cleveland, O., Aug. 23.—The Cleveland Railway company began today to hire conductresses for Cleveland street cars. They will be paid men's wages.

Continued on page 2, column 2.

## MISS M'DOWELL FAILS TO OBTAIN HER PASSPORTS

### Inquiry on Pacifism Halts Her Trip to France.

The passport of Miss Mary E. McDowell, noted Chicago social worker and head resident of the University of Chicago settlement, who a short time ago was given a special commission by the Young Women's Christian association to visit France and England, has been held up on war department orders. An inquiry has been begun into her alleged pacifist and anti-war tendencies.

The immediate cause of the action is said to be evidence gathered by department of justice investigators in raids on the headquarters of the "Fellowship of Reconciliation," a pacifist group, and of the American Liberty Defense league, with which the "Fellowship" has had "a working agreement."

The inquiry has also been directed into the affairs of the Woman's Peace party, in which Miss Jane Addams and others, with Miss McDowell, have been active.

Not a Pacifist Now.

Miss McDowell left Chicago more than a week ago expecting to sail at once from New York. She was to head a party including nineteen other women. Her special mission was to study conditions under which women munition workers are living. In New York last night she expressed surprise that her passport was being held up.

"I am not in any sense a pacifist now," she said. "I hold the same views on the war as are held by President Wilson and Secretary Baker. I cannot imagine why my patriotism should be questioned. I must have some enemies even back home."

Officers of the state department in Washington declined to discuss the case beyond admitting that an investigation is under way.

Allied Countries May Object?

Back of the inquiry into Miss McDowell's views is said to be a disinclination to permit any person to go to the allied countries whose status might be questioned there. In view of anti-war sentiments which Miss McDowell has expressed in the last four years there has been some concern expressed as to how her visit would be received abroad, especially as her mission is to carry her among women workers engaged in producing munitions of war.

She was to investigate particularly the forces established by the Y. W. C. A. in England and France with a view of copying the method in connection with twenty-one munition cantonments being erected in the United States.

Name on a Mailing List.

In the inquiry into the affairs of the "Fellowship of Reconciliation" department of justice agents found Miss McDowell's name, with dozens of others of anti-war tendencies, on a "mailing list." It was also developed that Mrs. Eleanor D. Karsten, its secretary, was also prominent, along with other whose names were found, in the affairs of the American Liberty Defense league, whose avowed purpose was to assist foreign born Americans in seeking exemption from military service. So pronounced was the "inspiration" it gave "conscientious objectors" that an examining commission headed by Federal Judge Mack was sent by the government to examine cases at cantonments.

Mrs. Karsten, Miss McDowell, and Miss Addams are said to have been active in the affairs of the Woman's Peace party. The three organizations had adjoining offices, with recently refused a commission to go to France for the Y. M. C. A.

Miss McDowell is the daughter of Malcolm McDowell, a civil war soldier, who was aid de camp to his brother, Gen. Irvin McDowell, a famous hero of the union army.

## FRENCH DRIVE BOCHE ACROSS TWO STREAMS

### Expand Their Gains to the North of Soissons.

BULLETIN.  
Chicago Tribune-New York Times Cable.  
(Copyright: 1918.)

PARIS, Aug. 23.—Reports from the battle front indicate that good as is the bulletin of victory set forth in the official news, the facts will be found later to be even more satisfactory.

The total prisoners captured by the allies since July 18, it is asserted, are well over 100,000. It is rumored that Gen. Mangin's army captured an entire German division on one part of its front and half another elsewhere.

PARIS, Aug. 23.—The French troops in their fighting on Friday crossed the Divette river in the region of Evricourt and made progress to the east of Bagnoux and to the west of Crecy-au-Mont, lying north of Soissons, according to the official communication issued this evening.

The French also have crossed the Oise river and the canal at Manicamp, eight miles east of Noyon, and are in the outskirts of the village of Morlaucourt, on the north side of the Oise, a mile and a half from Noyon station, according to dispatches to newspapers here.

## Take 5,000 Germans.

Between the Oise and the Aisne during the advance of Wednesday and Thursday Gen. Mangin's army took 5,000 prisoners, according to advices reaching Paris.

The newspaper correspondents at the front lay stress on the magnificent enthusiasm with which the British are attacking and overcoming the enemy.

They point out that the British opposed stout resistance when the Germans counter attacked, and when they saw that the enemy was staggering under the shower of blows increased the punishment without giving him time to look around.

Hit as Never Before.

The British are striking as never before, the correspondents say, and are wrestling from the enemy, piece by piece, the villages and fields taken by him since March 21. Each of the British partial attacks has finished with victory for them.

The Germans will see many more such victories, the correspondents declare, when the British have thrown themselves into a real offensive with constantly accumulated reserves, which their prudence declines to use up in small parcels.

## Push Toward Juvigny.

LONDON, Aug. 23.—The French Tenth army is still moving forward. The line today runs along the south bank of the Oise river, then along the Ailette river to a point one and one-quarter miles north of Pont St. Mar, then along the canal, then to the east of Mont du Crocq, and to the west of Juvigny station. The

## "Sugar Line" in Suburb; Women Besiege Food Head

H. J. Ullman, food administrator for Oak Park and River Forest, was besieged yesterday by seventy women clamoring for sugar. He listened to their pleas one at a time. Some were given sugar, others were not. One demanded ten pounds for watermelon pickles. This plea was denied.

## Disaster for Enemy Marks Allies' Drive

### Vast Loss in Men and Ground Hits Hun.

BULLETIN.  
LONDON, Aug. 23.—The town of Achiet le Grand has been captured by the British, and also Bihucourt, just to the southeast of Achiet le Grand, and about two and a half miles from the railroad junction of Bapaume. Gen. Haig's report tonight says. On a front of about six miles, from the southeast of Albert to the neighborhood of Grandcourt, east of the Ancre river, the British have pushed forward and gained to a depth of two miles. Five villages to the north of Achiet le Grand were captured, and the British pressed on eastward from them.

WITH THE BRITISH ARMY IN FRANCE, Aug. 23, 3:40 p. m.—(By the Associated Press.)

—Victorious on a battle front of twenty-three miles, extending from the Cojeul river on the north across the Ancre and Somme rivers almost to Lihons, the Third and Fourth British armies under Gens. Byng and Rawlinson at mid-afternoon were vigorously following up their successes of today, which apparently has been one of the most disastrous days ever experienced by the Germans.

The enemy has lost wide stretches of ground, numerous towns, thousands of men made prisoner, and large quantities of materials and guns. He also again has had heavy casualties.

## Germans Mowed Down.

Crown Prince Rupprecht of Bavaria, the German commander, has thrown his men in before the advancing British armies in an effort to stave off the inevitable, but only to have them mowed down again and again by storms of metal which poured from the British guns. One entire enemy battalion was annihilated during the fighting.

Dead Germans in great numbers are scattered everywhere over the battlefield. As an example, 400 enemy dead were observed this morning on one small piece of ground over which the battle had swept.

British Losses Small.

With all this fierce fighting and notwithstanding the fact that the British at many places have fought over open ground against an enemy protected in "pot holes" and strong points of other kinds, the British losses everywhere seem to have been extraordinarily light.

This probably is due to the confusion the Germans find reigning behind their lines, as they are fighting a losing battle which for them hourly grows more disastrous.

Foe Throws in Men.

Crown Prince Rupprecht today had strengthened his line at many places, but this, instead of stopping, the British, simply meant that the Germans suffered bigger losses.

During the night and this

CHICAGO CREEKS  
PLEDGE SUPPORT  
TO M'CORMICKReply to Thompson Charge  
We "Blundered"  
Into War.

Headed by the priests of their three churches—who never before have in a political candidate—thirty representatives of Chicago's citizens of Greek birth carried to the senatorial campaign of Medill McCormick yesterday a pledge of the solid support of their people.

"We conceive that the participation in this war, both of America and of Greece," read a memorial they presented to the congressman, "is upon the same basis—self-defense of the right of every people to work out their destiny unaided and subject to no control of the military might of any other nation."

Reply to Mayor's Charge.

"We realize that both for the land of our adoption and the land of our birth this is a war of self-defense; and we emphatically repudiate the slanders and misstatements of the Mayor of Chicago which charge that the people of Greece in the war by reason of any blunder or mistake of their own."

In this phraseology, they said, replying to the charge by William H. Thompson that America is in the war only as a result of the blunders of the Democratic administration.

Mayor Attacks McCormick.

At three meetings last night Mayor Thompson charged Congressman McCormick with "betraying" the Progressives in 1913 and preventing the election of Frank H. Funk as United States senator.

"Was it because you wanted the place for yourself," he asked, "that the people of the Progressive party in Illinois were betrayed and sacrificed for the sake of a few dollars in the Illinois legislature in 1913?"

Funk Issues Statement.

In a statement given out at Bloomington Congressman George Edmund Funk reiterated his determination to stay in the senatorial race.

"I speak," he said, "that it is up to McCormick to withdraw if his soul is in the war with patriotism and loyalty as he would have the people believe. I am in the intention of withdrawing and shall stay in this race to the end."

GERMANS SEEK  
TO SPLIT ALLIES  
BY USE OF U. S.

Washington, D. C., Aug. 23.—German propaganda designed to create dissension among the allies with stories that the United States was preparing to withdraw its troops and food supplies to the United States and to use the United States as a base for operations against the allies.

It is building her merchant fleet and is the first of all to win the war and after that to overcome her own people to provide ocean transportation for her own trade," said Mr. Butler.

Compensation.

Aug. 22.—(Friend of the Soldier.)—The compensation of the soldier is a matter of great importance. It is a matter of great importance. It is a matter of great importance.

MASON DEFINES  
HIS WAR STAND

Rep. C. W. Wetten, chairman of the congressional committee on the Secrecy of War, yesterday received a declaration of loyalty from Congressman William E. Mason.

# CENSUS PLANS OF "SOLID SIX" GET TWO BLOWS

## Auditor and State's Attorney Say Enumeration Is Useless.

Mayor Thompson's "solid six" board of education yesterday received two separate jolts in census matters.

According to a statement issued by State Auditor Andrew Russell at Springfield, the state school fund is distributed among the counties of the state on the basis of the federal census figures and not upon the enumeration returns of the various school districts. This is in contravention of the claims of the "solid six," who have maintained that a 1918 census was needed to furnish the Springfield authorities with data upon which to reckon the school fund distribution.

Second Blow Local One.

The second jolt was a combination blow from the state's attorney's office and County Superintendent Tobin. Under the advice of the prosecutor, who is Mr. Tobin's official attorney, the county superintendent will make immediately his annual report to the state superintendent of public instruction.

tion without waiting for this year's Chicago census enumeration. The figures taken from the books of the state auditor, who makes the county distribution of the state school fund, show Cook county's quota from 1910 to 1917 inclusive has been fixed on the same identical figures. They are 950,369, being the total of persons under the age of 21 in the county as shown by the federal census of 1910. For the ten years preceding Cook county's quota was based upon the 1900 federal census.

Tobin Against Census. When told of the Springfield data, County Superintendent Tobin said: "I thought the county distribution of the state fund was made on the basis of the federal census. That being the case, it is ridiculous to take a Chicago census."

Determination of the county prosecutor to have the county superintendent forward his annual report as soon as possible to the state superintendent came when Assistant State's Attorney Henry Berger discovered that Mr. Tobin is likely to be placed in the same embarrassing situation with regard to his report that the "solid six" now are in with respect to their long overdue report to the county superintendent.

Tobin's Report Overdue. "I find the law is specific that Mr. Tobin's report shall be sent to Springfield by Aug. 15 each year," Berger said. "The 'solid six' have already violated the statute which fixes July 15 as the outside date for filing with the county superintendent. I am writing Mr. Tobin today to wait no longer."

"I shall certainly follow the state's attorney's advice," Mr. Tobin said, "for the county prosecutor is my legal adviser."

It is Mr. Berger's opinion that the filing of Mr. Tobin's annual report will prevent any report of a Chicago census being forwarded to Springfield this year.

## Larson's Sta-Right Shoes

### Will Relieve Your Foot Troubles

Do you suffer with pains and aches in the limbs and back—think you have rheumatism or neuralgia—when the trouble really is caused by fallen arches?

Martin Larson will prescribe the exact details for shoes that will put your arches in a healthy condition.

Let him make you a pair of Sta-Right Shoes by the plaster paris cast system which reproduces your feet exactly as they are and permits him to make shoes that will give support exactly where needed. The benefit testified to by countless others is indisputable evidence of what he can do for you.

Shoes to Measure, \$15 and up  
With Plaster Cast, \$20 and up  
Military Boots, \$27 the pair

**Martin Larson**  
369 W. Madison St.  
At Madison Street Bridge

# For your own sake you should give consideration to these suits for men and young men at \$25

THEY'RE unusual values; the materials are of distinguished quality, the styles are for business, college, high school; there are sizes to fit any figure; there are light, medium, heavy weights, for summer, fall and winter use

Many of them are Hart Schaffner & Marx made Such suits have already advanced in price at wholesale nearly 100 per cent You'll do wisely to buy for future needs All \$25 wool high class suits

New fall and winter clothes ready

BURBERRY London made overcoats for fall, winter coats, raincoats, motor coats; unique in style; the finest overcoats made

\$35 \$40 \$50 \$60 \$75 \$100

## EDUCATIONAL. ILLINOIS.

Train Yourself for More Important Work  
If you are not available for direct war work, are you doing the most important work of which you are capable? If you are under draft age, are you trained to do important work in industry until you go into service and are then qualified to do such work in the army? If you are in a deferred class, are you satisfied that there is not more responsible work that you could do if you were trained?

If you are a woman, can you release a man for war service by special training? If you are a man over draft age, do you realize that it is now as logical for a man over that age to prepare for more important work as it ordinarily is for a man of twenty-five and under? These are searching questions at this time. They can not be overemphasized. Greater personal efficiency is needed on every hand.

## BOODLE INQUIRY BLOWS UP; JURY TO MAKE REPORT

**Will Say It Found Turpitude, but No Direct Evidence.**

The Cook county grand jury's special summer course in traction education closed yesterday. The scholars will re-assemble Aug. 28 for the graduation exercises, at which a thesis upon the unification traction ordinance will be presented in the form of a report.

It developed during the day that the major study consisted of the merits of this ordinance with an intensive scrutiny of bribery and aldermanic turpitude as scholastic sidelines of the course. It was learned also that jurors have been doing secret research work about newspaper offices.

**Bribery Inquiry "Blows Up."**

All of which simply means that the much discussed aldermanic bribery inquiry of the state's attorney's office "blew up" during the day and that the grand jury will satisfy itself by preparing a report that may contain all the verbal explosions which Mayor

A subcommittee of the grand jury was named to prepare the verbal blast which, it is predicted, will declare that crooked work was used to pass the ordinance; that plenty of hearsay evidence was found to indicate graft and

It was stated that certain of the grand jurors wanted to return bribery true bills against several aldermen, but that the prosecutor and his aids advised against it, saying that the

Mr. Hoynes declined to discuss the inquiry evidence or to pass judgment upon the results, but plainly indicated that he believed that there was a slush fund for the traction bill.

"All that I can say is that we gave the grand jury practically all the bribery evidence we had," he said.

Reminded that he had said a few days ago that he was in possession of incriminating evidence, he said "Yes, we gave them that, too."

The final day's hearing was a lively one both inside and outside the grand jury rooms. Some twenty-five aldermen and two city hall newspaper

It was understood that as close as the grand jurors got to actual evidence was a story that a certain alderman told Ald. Steffens that he received \$700 for voting for the ordinance, and that Steffens repeated the story to Ald. Kostner, a Dunne-Harrison lieutenant.

It is said Kostner took it seriously, but that the first alderman, name not given, was "joking."

In several instances the witnesses declined to be quiz subjects alone, and delivered short lectures of their own which were extras in the traction course. One of these volunteer talkers was Ald. John H. Lyda. He said am-

**Lyle in Hot Retort.**

"That's a subject for me to take up with the voters of Chicago," was the Aldermanic retort. "I came over here

"It is not the province of the grand jury or the state's attorney's office to browbeat citizens, or public officials, either. And you men ought to see to it

Here the alderman waved a newspaper containing a statement from Assistant State's Attorney W. H. Duval which read to the effect that every alderman who voted for the unification

**Grand Juror Replies.**

"We'll browbeat any man we want to get the evidence we are after," one of the grand jurors said to the alderman.

"You'll not browbeat me, for I won't

Lyle was in the grand jury room for more than a quarter of an hour. His face was flushed when he came out and announced to the waiting aldermen:

"Those fellows in there are trying to attack the merits of this ordinance."

said. "No alderman should discuss the merits of the measure with that grand jury. Its business is to probe these bribery charges, and I told it so. "I told them it was a meritorious ordinance, and I believe it is. I am convinced that this inquiry is for the purpose of killing this meritorious ordinance. I don't believe that they have

any tangible evidence of bribery and  
I am more satisfied than ever that  
there was nothing wrong about the  
passage of the ordinance."

**Discusses Merits of Bill.**

It was learned last evening that J.  
Reynolds, former member of the

ard or supervising engineers, was a special witness before the grand jury, called for the purpose of expressing his views upon the merits of the bill. Mr. Reynolds was one of former Mayor Harrison's appointees and has been politically allied with the Hoyne-Harrison-Dunne faction of the local Democracy.

Tomax Deuther, secretary of the Northwest Side Commercial association, told a story of aldermen voting for a measure who previously had told them they were opposed to it. He was unable to produce any corroborative proof.

**OFFICIAL WEATHER FORECAST**  
Washington, D. C., Aug. 23  
Weather forecast follows:  
Wisconsin and Minnesota—  
Saturday and probably Sunday  
change in temperature.
